

Armor Christian Academy

Staff Application

Basic philosophy: Armor Christian Academy (ACA) does not discriminate on the basis of race, color, national and ethnic origin in the hiring of staff. Staff does need to be a born-again Christian who lives a committed life to Christ, shares the school's philosophy, and is a member of a Bible believing church. The position should be considered a ministry rather than a job. You will need to be loyal, flexible, and a team member who works well together with others chosen for the school.

1. Name of applicant _____
